Institution Innovation Council (IIC) Policy

The following draft is prepared in alignment with AICTE Innovation Cell (MIC) guidelines, innovation and entrepreneurship initiatives, and NAAC quality enhancement practices for affiliated colleges.

1. Preamble

St. Ann's College for Women, Gorantla, Guntur, is committed to fostering innovation, creativity, entrepreneurship, and industry-oriented learning among students and faculty members. The Institution Innovation Council (IIC) has been established to promote an ecosystem that supports innovative thinking, research culture, start-up awareness, skill development, and entrepreneurial activities in accordance with the guidelines of AICTE, Ministry of Education Innovation Cell (MIC), and NAAC quality initiatives.

The institution believes that innovation and entrepreneurship are essential for academic excellence, employability enhancement, societal development, and women empowerment. The IIC serves as a platform to encourage students and faculty to generate innovative ideas, develop projects and prototypes, and engage in research and entrepreneurial initiatives.

2. Vision

To create a vibrant innovation and entrepreneurship ecosystem that nurtures creativity, leadership, research orientation, and industry readiness among students and faculty members.

3. Mission

- To promote innovation, creativity, and entrepreneurial culture in the institution
- To encourage students to develop innovative ideas and projects
- To facilitate collaboration between academia and industry
- To support skill development, start-up awareness, and incubation activities
- To strengthen research, innovation, and employability practices among students

4. Objectives of the Policy

The Institution Innovation Council aims to:

- Develop innovative and entrepreneurial mindset among students
- Encourage critical thinking, problem-solving, and design thinking skills
- Promote innovation, research, and creativity through academic activities

- Facilitate industry–academia interaction and collaboration
- Support start-up awareness and entrepreneurship development
- Encourage prototype development, project-based learning, and incubation activities
- Promote interdisciplinary and industry-oriented projects
- Enhance employability and professional competencies
- Encourage participation in innovation competitions, hackathons, and exhibitions

5. Scope of the Policy

This policy applies to:

- Students of all programmes
- Faculty members
- Research and project teams
- Entrepreneurship and innovation activities
- Industry collaboration and consultancy initiatives
- Skill development and incubation programmes

The policy covers activities related to innovation, entrepreneurship, start-ups, incubation, skill development, research, industry interaction, and collaborative projects undertaken by the institution.

6. Functions of the Institution Innovation Council (IIC)

The Institution Innovation Council shall:

- Organize workshops, seminars, FDPs, and awareness programmes on innovation and entrepreneurship
- Encourage students to participate in hackathons, innovation contests, exhibitions, and project expos
- Facilitate interaction with entrepreneurs, innovators, scientists, researchers, and industry experts
- Promote research, consultancy, and industry collaboration activities
- Encourage innovative ideas, prototypes, and project development
- Support start-up awareness, incubation, and entrepreneurship initiatives
- Organize skill development and employability enhancement programmes

- Facilitate MoUs and academic collaborations with industries and organizations
- Maintain records and documentation of innovation and entrepreneurship activities
- Coordinate activities in collaboration with IQAC and academic departments

7. Major Activities

The Institution Innovation Council shall organize:

- Innovation and entrepreneurship awareness programmes
- Idea presentation and prototype development sessions
- Start-up and incubation workshops
- Industry interaction programmes and expert talks
- Innovation competitions and project exhibitions
- Workshops on emerging technologies and industry trends
- Skill development and employability programmes
- Industrial visits and collaborative academic activities
- Research and innovation-oriented student activities
- Leadership, creativity, and design thinking programmes

8. Roles and Responsibilities

Chairperson

- Provide leadership and guidance for innovation and entrepreneurship initiatives
- Monitor implementation of IIC activities and policies

Convener

- Coordinate planning and execution of IIC programmes and activities
- Maintain records, reports, and activity documentation

Members

- Support organization of workshops, seminars, and innovation activities
- Encourage student participation in innovation and entrepreneurship programmes

Students

- Participate actively in innovation, research, and entrepreneurship activities
- Develop innovative ideas, projects, and prototypes

9. Industry Interaction and Collaboration

The institution shall encourage collaboration with industries, organizations, start-up ecosystems, and academic institutions to:

- Bridge the gap between academia and industry
- Promote practical learning and industry exposure
- Facilitate internships, training, consultancy, and skill development
- Support research and innovation initiatives
- Encourage entrepreneurship and start-up culture

10. Research, Innovation and Entrepreneurship Support

The institution shall encourage:

- Innovative student projects and research activities
- Entrepreneurship development initiatives
- Participation in innovation competitions and hackathons
- Skill-based and industry-oriented learning practices
- Awareness on incubation, start-ups, and intellectual property rights

11. Expected Outcomes

The implementation of the IIC Policy is expected to:

- Develop innovative and entrepreneurial mindset among students
- Promote creativity, leadership, and critical thinking skills
- Strengthen industry–academia collaboration
- Improve employability and professional competencies
- Encourage research, innovation, and start-up culture
- Enhance institutional quality and academic excellence

12. Review and Amendments

The Institution Innovation Council Policy shall be reviewed periodically by the institution and updated whenever necessary in accordance with AICTE, MIC, UGC, NAAC guidelines, and institutional requirements.

13. Conclusion

St. Ann's College for Women, Gorantla, Guntur, is committed to creating an innovation-driven academic environment that empowers students and faculty members through creativity, entrepreneurship, research, and industry interaction. The Institution Innovation Council strives to promote a sustainable culture of innovation and professional excellence for the benefit of students, society, and the institution.
