INTELLECTUAL PROPERTY RIGHTS (IPR) CELL

ANNUAL ACTIVITY REPORT

Academic Year 2024–2025

1. Introduction

The Intellectual Property Rights (IPR) Cell of St. Ann's College for Women, Gorantla, Guntur, works towards creating awareness among students and faculty members regarding Intellectual Property Rights, innovation, creativity, patents, copyrights, trademarks, designs, and related intellectual property protection mechanisms.

During the academic year 2024–2025, the IPR Cell undertook awareness and sensitization initiatives to encourage students and faculty to understand the importance of protecting original ideas, academic work, research outcomes, creative works, and innovative practices.

2. Objectives of the IPR Cell

The major objectives of the IPR Cell are:

- To create awareness about Intellectual Property Rights among students and faculty.
- To promote a culture of innovation, creativity, research, and originality.
- To familiarize students with different forms of IPR such as patents, copyrights, trademarks, and industrial designs.
- To encourage faculty and students to identify and protect their innovative ideas and intellectual creations.
- To provide basic guidance regarding IPR registration and protection.
- To promote ethical academic practices and respect for intellectual property.
- To encourage research-oriented and innovation-driven activities in the institution.

3. Major Activities Conducted During 2024–2025

During the academic year, the IPR Cell conducted and supported various awareness-oriented activities, including:

3.1 IPR Awareness and Sensitization

Awareness was created among students and faculty regarding the **meaning, importance, scope, and types of Intellectual Property Rights**. The sessions highlighted the role of IPR in protecting innovative ideas, research findings, literary and artistic works, and other original creations.

3.2 Awareness on Patents

Students and faculty were sensitized to the fundamentals of **patents, patentable inventions, novelty, inventive step, industrial applicability, and the importance of documenting innovative ideas** before publication or disclosure.

3.3 Copyright Awareness

The Cell promoted awareness regarding **copyright protection for books, articles, research papers, teaching materials, software, artistic works, and other original literary and creative works**.

3.4 Awareness on Plagiarism and Academic Integrity

The IPR Cell emphasized the importance of **originality, proper citation, referencing, acknowledgement of sources, and avoidance of plagiarism** in academic and research work.

3.5 Promotion of Innovation and Creativity

Students were encouraged to develop **innovative ideas, projects, models, prototypes, and creative works** and to consider appropriate intellectual property protection wherever applicable.

3.6 Faculty and Student Sensitization

Faculty members and students were encouraged to participate in **seminars, workshops, webinars, awareness programmes, and other academic initiatives related to IPR, innovation, entrepreneurship, and research**.

4. IPR Awareness Themes

The following areas were emphasized during the year:

- Introduction to Intellectual Property Rights
- Patents and patent filing
- Copyright and related rights
- Trademarks and brand protection

- Industrial designs
- Intellectual property in research
- Plagiarism and academic integrity
- Protection of innovative ideas
- IPR and entrepreneurship
- Innovation and commercialization
- Ethical use of intellectual property

5. Student Participation

The IPR Cell encouraged students from different academic programmes to actively participate in **awareness programmes, academic projects, innovative activities, seminars, workshops, and competitions** related to creativity, innovation, research, and entrepreneurship.

Students were motivated to recognize the intellectual value of their academic projects and creative works and to develop an understanding of the importance of protecting original intellectual creations.

6. Faculty Participation

Faculty members were encouraged to enhance their understanding of IPR and to integrate **innovation, originality, research ethics, and intellectual property awareness** into teaching, project guidance, research, and extension activities.

7. Institutional Initiatives

The IPR Cell worked in coordination with the **IQAC and relevant academic departments** to strengthen awareness of intellectual property and promote a supportive environment for **research, innovation, creativity, entrepreneurship, and academic integrity**.

The Cell also encouraged faculty and students to explore opportunities for **patent filing, copyright protection, innovation documentation, and participation in IPR-related capacity-building programmes**, wherever applicable.

8. Outcomes

The activities of the IPR Cell during 2024–2025 contributed to:

- Increased awareness of Intellectual Property Rights among students and faculty.
- Better understanding of patents, copyrights, trademarks, and other forms of IPR.

- Greater awareness of plagiarism and academic integrity.
- Encouragement of original thinking and innovative ideas.
- Promotion of research and innovation-oriented academic practices.
- Increased awareness of the importance of protecting intellectual creations.
- Strengthening of the institutional ecosystem for innovation and entrepreneurship.

9. Future Action Plan

The IPR Cell proposes to further strengthen its activities through:

- Regular IPR awareness programmes for students and faculty.
- Workshops on patent search and patent filing procedures.
- Awareness programmes on copyright, trademarks, and industrial designs.
- Promotion of student innovation and prototype development.
- Encouragement for filing patents and copyrights, wherever applicable.
- Collaboration with external experts and institutions for IPR training.
- Integration of IPR awareness with research, innovation, entrepreneurship, and project activities.
- Maintenance of systematic records and evidence of IPR-related activities.

10. Conclusion

The **IPR Cell of St. Ann's College for Women, Gorantla, Guntur** played an important role during the academic year **2024–2025** in promoting awareness of Intellectual Property Rights, innovation, originality, research ethics, and creativity among students and faculty.

The Cell remains committed to developing a strong institutional culture that encourages **innovation, responsible knowledge creation, protection of intellectual property, research, and entrepreneurship**, in alignment with the quality enhancement objectives of the institution.
