INTELLECTUAL PROPERTY RIGHTS (IPR) CELL

ANNUAL ACTIVITY REPORT

Academic Year 2025–2026

During the academic year **2025–2026**, the **Intellectual Property Rights (IPR) Cell** of St. Ann's College for Women, Gorantla, Guntur, carried out various awareness and promotional activities to create an understanding of Intellectual Property Rights among students and faculty members.

The major activities of the IPR Cell during the year included:

1. **IPR Awareness Activities** – Created awareness among students and faculty about Intellectual Property Rights and their importance in academic and research activities.
2. **Awareness on Patents** – Sensitized students and faculty about patents, patentable inventions, patent search and the basic patent filing process.
3. **Copyright Awareness** – Promoted awareness regarding copyright protection for academic, literary, artistic, software and other creative works.
4. **Trademark Awareness** – Introduced students to the concept and importance of trademarks and brand protection.
5. **Academic Integrity and Plagiarism Awareness** – Encouraged students and faculty to maintain originality in assignments, projects, research papers and other academic works.
6. **Innovation Promotion** – Motivated students to identify innovative ideas and develop creative solutions through project work and academic activities.
7. **Research and IPR Orientation** – Encouraged faculty and students to explore the possibilities of protecting innovative outcomes emerging from research and project activities.
8. **IPR and Entrepreneurship Awareness** – Created awareness about the role of Intellectual Property Rights in innovation, entrepreneurship, start-ups and commercialization of innovative ideas.

9. **Department-Level Awareness** – Encouraged departments to incorporate IPR-related awareness into student project discussions, seminars, workshops and other academic activities.
10. **Coordination with Institutional Cells** – The IPR Cell worked in coordination with the **IQAC, Research & Development Cell, Institution Innovation Council (IIC), Entrepreneurship/Innovation Cell and academic departments** to promote research, innovation and intellectual property awareness.
11. **Participation in IPR Programmes** – Students and faculty were encouraged to participate in relevant seminars, webinars, workshops and awareness programmes conducted by academic and professional organizations.
12. **Documentation of Innovative Ideas** – Students and faculty were encouraged to document innovative ideas, research outputs, projects and creative works for possible protection and further development.

Outcome

The activities of the IPR Cell helped in creating greater awareness of **patents, copyrights, trademarks, plagiarism, innovation and protection of intellectual property** among students and faculty. The Cell also contributed to strengthening the institution's culture of **research, innovation, creativity and entrepreneurship**.

Conclusion

The IPR Cell will continue to organize awareness programmes, expert interactions and capacity-building activities and encourage students and faculty to identify, develop, document and protect their innovative ideas and research outcomes.
