MENTOR-MENTEE COMMITTEE

ANNUAL ACTIVITY PLAN – A.Y. 2026–2027

Academic Year: 2026–2027

1. Objectives

The Mentor–Mentee Committee shall establish and implement a structured, continuous and student-centered mentoring system for all students of the institution. The mentoring programme shall focus on the academic, personal, social, emotional, career and overall development of students.

The major objectives of the Mentor–Mentee System are:

1. To establish an effective and systematic mentoring mechanism for all students.
2. To monitor students' academic progress, attendance and overall performance regularly.
3. To identify slow learners, advanced learners and students requiring additional academic or personal support.
4. To provide timely academic guidance, remedial support and enrichment opportunities.
5. To understand and address students' academic, personal, social and emotional concerns.
6. To strengthen communication and coordination among students, mentors, parents and the institution.
7. To guide students regarding higher education, career opportunities, competitive examinations, placements and skill development.
8. To encourage students to participate actively in co-curricular, extracurricular, extension, sports, cultural and value-based activities.
9. To identify students who may be at risk of academic discontinuation and provide appropriate intervention and follow-up.
10. To maintain systematic mentoring records and evidence for continuous student support and quality enhancement.

2. Annual Activity Plan

The Mentor–Mentee Committee shall implement the following activities during the academic year 2026–2027.

June 2026 – Constitution and Reconstitution of the Mentor–Mentee System

The Mentor–Mentee Committee shall be constituted/reconstituted for the academic year. Faculty mentors shall be allotted to students and the mentor–mentee groups shall be finalized. The roles and responsibilities of mentors and mentees shall be communicated to all concerned.

July 2026 – Orientation to the Mentoring System

An orientation programme shall be organized for students to explain the purpose, objectives and importance of the Mentor–Mentee System. Students shall be informed about the role of mentors, frequency of meetings, academic monitoring, counselling, career guidance and support mechanisms available in the institution.

August 2026 – Student Profile and Baseline Data Collection

Mentors shall collect and maintain basic academic and student-support information of their mentees. The profile shall include academic performance, attendance, participation in activities, learning difficulties, strengths, interests, career aspirations, skill-development needs and other relevant support requirements.

September 2026 – First Mentor–Mentee Interaction

Mentors shall conduct the first structured mentor–mentee meeting. The meeting shall focus on students' adjustment to the academic environment, attendance, academic progress, learning difficulties, personal concerns and participation in institutional activities. Necessary guidance and follow-up shall be initiated.

October 2026 – Identification of Slow and Advanced Learners

Mentors, in coordination with the concerned faculty, shall identify slow learners and advanced learners based on academic performance, internal assessment, attendance, classroom participation and faculty observations. Appropriate academic support and enrichment measures shall be planned.

November 2026 – Academic Performance Review

The academic progress of mentees shall be reviewed with reference to CIA/internal assessment performance, course completion and attendance. Students showing academic difficulties shall be provided additional guidance, remedial support and follow-up.

December 2026 – Individual Mentoring and Counselling

Individual mentoring sessions shall be conducted for students requiring special attention. Academic, personal, social or other concerns shall be discussed confidentially. Wherever necessary, students shall be referred to the appropriate institutional support services.

January 2027 – Career and Higher Education Guidance

Mentors shall guide students regarding higher education opportunities, postgraduate programmes, competitive examinations, internships, placements, skill-development programmes, entrepreneurship and other career pathways. Students shall also be encouraged to make use of appropriate digital learning platforms.

February 2027 – Attendance and Academic Progress Review

Mentors shall undertake a review of students' attendance and academic progress. Students with attendance shortages or prolonged absence shall be identified and the reasons shall be ascertained. Appropriate communication, counselling and follow-up shall be undertaken.

March 2027 – Examination Preparation and Study Guidance

Mentors shall provide guidance regarding examination preparation, effective study habits, time management, revision strategies and academic planning. Students requiring additional academic assistance shall be supported through appropriate interventions.

April 2027 – Annual Academic Review

The overall academic and developmental progress of mentees shall be reviewed. Mentors shall assess the effectiveness of interventions provided during the year and document significant improvements, continuing challenges and further support required.

May 2027 – Annual Evaluation of the Mentoring System

The Mentor–Mentee Committee shall undertake an overall evaluation of the mentoring programme. Feedback shall be obtained from students and mentors regarding the effectiveness of the system. The Committee shall identify strengths, challenges, outcomes and areas for improvement and prepare the Annual Mentor–Mentee Activity Report.

Throughout the Academic Year

Mentor–mentee interactions shall be conducted regularly throughout the academic year. Mentors shall continuously monitor attendance, academic performance, student participation, learning difficulties, personal concerns and career aspirations and shall provide appropriate guidance and follow-up.

3. Major Activities of the Mentor–Mentee Committee

A. Mentor–Mentee Allocation

Faculty mentors shall be allotted to students in a systematic manner. Mentor–mentee groups shall be communicated to students and maintained throughout the academic year to ensure continuity and effective follow-up.

B. Maintenance of Student Profiles

Each mentor shall maintain a student profile for every mentee. The profile shall facilitate systematic monitoring of academic performance, attendance, participation, strengths, interests, learning difficulties, career aspirations and support requirements.

C. Regular Mentor–Mentee Meetings

Regular individual and group meetings shall be conducted to discuss academic performance, attendance, course completion, learning difficulties, student concerns and participation in institutional activities. Mentors shall provide appropriate guidance and monitor the progress of students.

D. Identification and Support of Slow Learners

Slow learners shall be identified through internal assessment, semester examination performance, attendance, classroom participation and faculty observations.

Appropriate support measures may include remedial classes, additional learning material, peer learning, individual academic guidance, counselling and follow-up assessments.

E. Identification and Enrichment of Advanced Learners

Advanced learners shall be encouraged to participate in advanced assignments, seminars, competitions, research and project activities, internships, competitive examinations, innovation and entrepreneurship activities and other enrichment programmes.

Students shall also be encouraged to utilize suitable online learning opportunities such as MOOCs and SWAYAM, wherever relevant.

F. Attendance Monitoring

Mentors shall regularly monitor the attendance of their mentees. Students with attendance shortages or prolonged absence shall be identified. The reasons for absence shall be ascertained and necessary guidance, communication and follow-up shall be undertaken.

G. Academic Guidance

Mentors shall assist students in understanding academic requirements, improving study habits, completing assignments, preparing for internal and semester examinations and overcoming learning difficulties.

H. Career and Higher Education Guidance

Students shall be guided regarding postgraduate education, competitive examinations, internships, placements, government and private-sector opportunities, skill-development programmes, entrepreneurship and other career pathways.

I. Student Counselling and Referral

Students requiring additional support shall be appropriately guided or referred to relevant institutional support mechanisms such as the Student Counselling Cell, Women Empowerment Cell, Grievance Redressal Cell, Career Guidance and Placement Cell, Anti-Ragging Committee and other appropriate support services.

Confidentiality shall be maintained in cases involving personal or sensitive student concerns.

J. Parent–Mentor Interaction

Where necessary, mentors shall communicate with parents regarding attendance, academic performance, participation, academic difficulties, student welfare and follow-up measures. Parent interaction shall be used as a supportive mechanism for improving student progress.

K. Mentee Feedback

Feedback shall be collected from students regarding the accessibility and effectiveness of mentors, academic guidance, personal support, career guidance, responsiveness to concerns and overall usefulness of the mentoring system.

4. Monitoring and Review

The Mentor–Mentee Committee shall ensure that 100% of students are covered under the mentoring system and that every student is allotted a faculty mentor.

Mentor–mentee interactions shall be conducted regularly, preferably at least once a month or as required. Student profiles shall be maintained and updated periodically. Attendance and academic performance shall be reviewed regularly.

Slow learners, advanced learners and students requiring counselling or additional support shall be identified and appropriate interventions shall be documented. The progress of such students shall be followed up by the respective mentors.

The Committee shall periodically review the effectiveness of the mentoring system and assess whether the interventions have resulted in improvement in academic performance, attendance, participation, student engagement and overall development.

5. Expected Outcomes

The Mentor–Mentee System for the academic year 2026–2027 is expected to:

- Strengthen student–teacher interaction.
- Improve academic performance and attendance.
- Provide timely academic and personal support.
- Identify and address learning difficulties at an early stage.
- Provide remedial support to slow learners.
- Provide enrichment opportunities to advanced learners.
- Improve students’ awareness of higher education and career opportunities.
- Encourage student participation in institutional activities.
- Strengthen communication with parents wherever necessary.
- Facilitate timely counselling and referral support.
- Reduce the possibility of academic discontinuation through early intervention.
- Enhance students’ confidence, engagement and sense of belonging.
- Establish a systematic, continuous and outcome-oriented student support mechanism.

7. Review and Evaluation

The Mentor–Mentee Committee shall periodically review the implementation of the mentoring programme and analyse the progress of students through a continuous process of:

Mentoring → Identification → Intervention → Follow-up → Outcome Assessment

At the end of the academic year, the Committee shall prepare the Annual Mentor–Mentee Activity Report for A.Y. 2026–2027, documenting the activities conducted, students benefited, interventions provided, outcomes achieved, student feedback, supporting photographs and recommendations for further improvement.
