Mentor–Mentee Committee Annual Activity Report Academic Year 2025–2026

Introduction

The Mentor–Mentee Committee plays a vital role in fostering a supportive and student-centric learning environment. The mentoring system is designed to monitor students' academic progress, provide personal guidance, enhance employability skills, and promote holistic development. During the academic year 2025–2026, the committee successfully conducted various mentoring activities aimed at strengthening teacher–student relationships and ensuring the overall well-being of students.

Objectives

- To provide academic, personal, and career guidance to students.
- To monitor attendance and academic performance.
- To identify slow learners and provide necessary support.
- To motivate students towards higher education and career opportunities.
- To strengthen communication among students, faculty mentors, and parents.
- To promote emotional well-being, confidence, and leadership skills.

Mentor–Mentee System

The college implemented a structured mentoring mechanism wherein every faculty member was assigned a group of students for continuous monitoring and guidance.

Total Students: 881

Faculty Mentors: 45

Mentor–Mentee Ratio: 1:19

Regular mentoring sessions were conducted throughout the academic year to address academic, personal, social, and career-related concerns.

Activities Conducted During 2025–2026

Academic Guidance and Monitoring

- Conducted semester-wise review meetings to monitor academic performance.
- Identified slow learners and recommended remedial coaching.
- Guided students in examination preparation and study planning.
- Encouraged advanced learners to participate in seminars, projects, and competitive examinations.

Attendance Monitoring

- Regular review of student attendance records.
- Counseling sessions conducted for students with low attendance.
- Parent interaction meetings organized to address attendance-related issues.

Personal Counseling and Student Support

- One-to-one mentoring sessions conducted to address personal concerns.

- Guidance provided on stress management, time management, and emotional well-being.
- Students were encouraged to maintain a healthy balance between academics and extracurricular activities.

Career Guidance and Future Planning

- Career counseling sessions conducted for final-year students.
- Information shared regarding higher education opportunities, internships, and competitive examinations.
- Students were guided to participate in placement training programmes and skill development activities.

Parent–Mentor Interaction

- Periodic communication with parents regarding academic performance and attendance.
- Counseling support extended to students requiring special academic or personal attention.

Personality Development Initiatives

- Sessions conducted on communication skills, leadership qualities, self-confidence, and goal setting.
- Students were motivated to participate in co-curricular and extension activities for holistic development.

Mentoring Sessions Conducted

Semester	Number of Meetings	Students Benefited
Odd Semester	4	881
Even Semester	4	881
Total	8	881

Student Support and Interventions

During mentoring interactions, various student concerns were identified and appropriate interventions were provided.

Area of Support	Intervention Provided
Academic Difficulties	Remedial Coaching and Academic Counseling
Attendance Issues	Parent Interaction and Regular Monitoring
Financial Concerns	Scholarship and Fee Concession Guidance
Career Planning	Career Counseling and Placement Guidance
Personal Challenges	Individual Counseling and Mentoring Support

Outcomes and Impact

The mentoring system significantly contributed to student development and progression. The following outcomes were observed:

- Improvement in student attendance and academic performance.
- Enhanced mentor–student relationship and communication.
- Increased student participation in academic and extracurricular activities.
- Better awareness of career opportunities and higher education pathways.

- Improved confidence, leadership qualities, and interpersonal skills.
- Early identification and resolution of student-related issues.
- Strengthened student support and guidance mechanisms within the institution.

Best Practice

"Each Student Matters"

The committee adopted a personalized mentoring approach where every student received individual attention through:

- Regular mentor–mentee meetings.
- Maintenance of mentoring records.
- Academic progress tracking.
- Career and placement guidance.
- Parent interaction whenever required.
- Counseling and welfare support.

This initiative helped create a caring and inclusive academic environment that promoted student success and well-being.

Future Plans

The committee proposes to undertake the following initiatives during 2026–2027:

- Strengthening digital mentoring records.
- Organizing mentor training programmes.
- Enhancing career mentoring and industry interaction.
- Conducting wellness and mental health awareness programmes.
- Introducing alumni mentoring support.
- Developing a comprehensive student progress tracking system.

Conclusion

The Mentor–Mentee Committee successfully implemented its activities during the academic year 2025–2026 and contributed significantly to student support, academic progress, and personal development. The committee remains committed to nurturing responsible, confident, and empowered young women in line with the mission of St. Ann's College for Women, Gorantla, Guntur.
