Eco Club Guidelines & Procedures

Introduction

The Eco Club of St. Ann's College for Women is established to create environmental awareness, promote sustainable practices, and encourage ecological responsibility among students and staff. The club functions in alignment with UGC, NAAC, APSCHE, and environmental sustainability initiatives by fostering eco-friendly habits and environmental protection activities within and outside the campus.

The Eco Club aims to develop environmental consciousness, conservation ethics, and active participation in protecting natural resources and maintaining a green and healthy campus environment.

Objectives

- To create awareness about environmental protection and sustainable development.
- To promote eco-friendly practices and green campus initiatives.
- To encourage conservation of water, energy, and natural resources.
- To facilitate rainwater harvesting, energy conservation, solar energy usage, and LED lighting initiatives.
- To maintain and enhance green ambience within the campus.
- To motivate students and staff to participate in environmental protection activities.
- To organize awareness programs, campaigns, workshops, and environmental observance days.
- To support NAAC Green Campus initiatives and environmental sustainability practices.

Composition of the Eco Club

The Eco Club shall consist of:

- Chairperson – Principal

- Eco Club Coordinator / Convener
- Faculty Members
- NSS / Extension Activity Representatives
- Student Eco Club Members
- Campus Maintenance Representatives
- Green Audit / Environmental Coordinators (if applicable)

Membership

- Students and staff interested in environmental activities may enroll as members.
- Membership shall be voluntary and open to all departments.
- Student volunteers shall actively participate in planning and execution of activities.

Roles & Responsibilities

The Eco Club Shall:

Environmental Awareness

- Conduct awareness programs on:
 - Environmental protection
 - Biodiversity conservation
 - Climate change
 - Waste management
 - Water conservation
 - Plastic-free campus initiatives
 - Sustainable lifestyle practices

Green Campus Initiatives

- Promote and maintain green ambience within the campus.
- Organize:
 - Tree plantation drives

- Campus cleaning programs
- Gardening activities
- Green landscaping initiatives
- Herbal garden maintenance (if available)

Water & Energy Conservation

- Encourage rainwater harvesting practices.
- Promote:
 - Energy conservation
 - Use of LED lights
 - Solar energy utilization
 - Water-saving measures
 - Responsible electricity usage

Waste Management Activities

- Promote:
 - Waste segregation
 - Recycling practices
 - Plastic-free environment
 - Paper conservation
 - Clean campus initiatives

Expert Talks & Workshops

- Invite environmental experts, scientists, NGOs, and resource persons to deliver talks and conduct workshops on environmental protection and sustainability.

Student Participation

- Encourage students to participate in:
 - Environmental awareness rallies
 - Competitions
 - Green campaigns

- Community outreach activities
- Environmental surveys and projects

Environmental Celebrations & Observances

The Eco Club shall organize activities related to important environmental days including:

- World Environment Day
- Earth Day
- World Water Day
- Ozone Day
- Energy Conservation Day
- Wildlife Week
- Vanamahotsavam
- Swachh Bharat Activities
- Plastic-Free Campaigns
- Green Campus Drives

Documentation & Reporting

- Maintain records of all activities conducted.
- Prepare reports with photographs, attendance, and outcomes.
- Submit activity reports to IQAC and college administration.

Operational Procedures

Annual Planning Procedure

- Prepare annual Eco Club activity plan at the beginning of the academic year.
- Identify environmental themes and green initiatives.
- Obtain approval from Principal and IQAC.

Conduct of Activities

- Organize environmental programs as per schedule.
- Coordinate with departments, NSS, and other committees.

- Ensure maximum student participation.

Awareness Campaign Procedure

- Conduct awareness rallies, poster campaigns, slogan writing, and public awareness activities.
- Use eco-friendly materials for campaigns whenever possible.

Plantation Procedure

- Identify suitable areas for plantation.
- Maintain and monitor planted saplings regularly.
- Encourage student adoption of plants/saplings.

Resource Conservation Procedure

- Conduct periodic monitoring of:
 - Water usage
 - Electricity consumption
 - Waste disposal practices
- Recommend corrective measures for conservation.

Documentation Procedure

- Maintain digital and physical records of:
 - Activity reports
 - Photographs
 - Attendance
 - Circulars
 - Green initiatives
 - Environmental audit-related data

Code of Conduct

Members shall:

- Follow eco-friendly and sustainable practices.
- Maintain cleanliness and green environment.

- Avoid wastage of water, electricity, and paper.
- Promote environmental responsibility among peers.
- Respect nature and biodiversity.

Records to be Maintained

The Eco Club shall maintain:

- Committee Meeting Minutes
- Membership Records
- Annual Activity Plan
- Event Notices & Circulars
- Activity Reports
- Photographs & Videos
- Plantation Records
- Green Campus Initiative Reports
- Energy & Water Conservation Reports
- Environmental Awareness Program Reports
- IQAC Submission Records

Expected Outcomes

- Increased environmental awareness among students and staff.
- Development of eco-friendly habits and responsible citizenship.
- Improved green campus environment.
- Reduction in wastage of natural resources.
- Promotion of sustainable institutional practices.
- Strengthened NAAC Green Campus and Environmental Sustainability indicators.

Review & Monitoring

- The Eco Club shall conduct periodic review meetings.
- Activities shall be monitored by the Principal and IQAC.

- Feedback and environmental impact assessments shall be used for improvement.

Conclusion

The Eco Club of St. Ann's College for Women plays a vital role in promoting environmental consciousness, sustainable practices, and green campus initiatives. Through awareness programs, conservation activities, and eco-friendly practices, the club contributes towards creating environmentally responsible citizens and supporting institutional sustainability goals in accordance with UGC, NAAC, and environmental protection guidelines.
