Intellectual Property Rights (IPR) Cell

Guidelines & Procedures

1. Introduction

The Intellectual Property Rights (IPR) Cell of St. Ann's College for Women, Gorantla, Guntur is established to promote awareness, understanding, protection, and ethical use of Intellectual Property Rights among students and faculty members.

The IPR Cell functions in accordance with the guidelines of AICTE, UGC, NAAC, and Government of India policies to encourage innovation, research, creativity, and protection of original work while ensuring academic integrity and prevention of plagiarism.

2. Objectives

The objectives of the IPR Cell are to:

- Create awareness about Intellectual Property Rights among students and faculty.
- Promote research, innovation, creativity, and protection of original work.
- Organize workshops, seminars, webinars, and training programs on Patents, Copyrights, Trademarks, Designs, and related IPRs.
- Encourage students and faculty to undertake innovative and research-oriented projects.
- Guide and support stakeholders in filing Patents, Copyrights, Trademarks, and other IPRs.
- Prevent plagiarism and ensure academic integrity and ethical research practices.
- Facilitate interaction with IPR experts, patent attorneys, innovators, and research organizations.
- Maintain records of all IPR-related activities, publications, and filings.

3. Scope of the IPR Cell

The IPR Cell shall deal with matters related to:

- Patents
- Copyrights
- Trademarks
- Industrial Designs
- Innovations and Research Outputs
- Academic Publications
- Plagiarism Prevention
- Intellectual Property Awareness Programs
- Research Ethics and Academic Integrity

4. Constitution of the IPR Cell

The IPR Cell shall consist of:

- Principal – Chairperson
- IPR Coordinator / Convener
- Research Coordinator
- Senior Faculty Members
- Innovation / Entrepreneurship Representative
- IQAC Representative
- Legal or IPR Expert (External Member, if required)
- Student Representatives

The Principal may revise the constitution of the committee based on institutional requirements.

5. Roles and Responsibilities

The IPR Cell shall:

- Create awareness about Intellectual Property Rights and their significance.

- Organize seminars, workshops, FDPs, webinars, and awareness programs on IPR.
- Encourage students and faculty to develop innovative projects and research work.
- Guide stakeholders in identifying patentable ideas and protecting intellectual property.
- Assist in filing patents, copyrights, trademarks, and other IPR applications.
- Promote ethical research practices and academic honesty.
- Monitor plagiarism and ensure originality in academic and research work.
- Coordinate with research organizations, patent offices, and legal experts.
- Maintain documentation and reports related to IPR activities.
- Submit annual reports to the institution and IQAC.

6. Procedures

Step 1: Awareness and Orientation

- Conduct orientation programs on:
 - Intellectual Property Rights
 - Patents and Copyrights
 - Trademarks and Designs
 - Research Ethics
 - Academic Integrity

Step 2: Identification of Innovative Work

- Encourage faculty and students to identify:
 - Innovative ideas
 - Research findings
 - Creative works
 - Product prototypes
 - Publications suitable for IPR protection

Step 3: Guidance and Mentoring

- Provide guidance through:
 - Faculty mentors
 - IPR experts
 - Patent consultants
 - Legal advisors

Step 4: Plagiarism Check

- Ensure plagiarism screening of:
 - Research papers
 - Project reports
 - Dissertations
 - Publications
- Promote use of plagiarism detection software and proper citation practices.

Step 5: Filing Process

- Assist stakeholders in:
 - Preparing documents
 - Application submission
 - Patent drafting
 - Copyright registration
 - Trademark filing

Step 6: Documentation and Follow-Up

- Maintain records of:
 - Filed patents
 - Copyrights
 - Trademarks
 - Publications

- Workshops and training programs
- Participation certificates
- Action Taken Reports

7. Academic Integrity and Anti-Plagiarism Measures

The institution shall:

- Promote originality and ethical academic practices.
- Discourage copying, duplication, and misuse of intellectual work.
- Ensure proper referencing and citation standards.
- Take disciplinary action in cases of plagiarism or academic misconduct.
- Follow UGC regulations on academic integrity and plagiarism prevention.

8. Activities of the IPR Cell

The IPR Cell may organize:

- Awareness Programs
- Workshops and Webinars
- Patent Filing Sessions
- Research Methodology Programs
- FDPs on IPR and Research Ethics
- Innovation Exhibitions
- Expert Lectures
- Collaboration Programs with Patent Offices and Research Institutions

9. Meetings

- The IPR Cell shall conduct meetings periodically.
- Minutes of meetings and action plans shall be documented.
- Annual review meetings shall evaluate progress and achievements.

10. Documentation and Records

The following records shall be maintained:

- Committee Constitution
- Annual Action Plan
- Minutes of Meetings
- Reports of Workshops and Seminars
- Patent and Copyright Filing Records
- Plagiarism Check Reports
- Attendance Registers
- Photographs and Media Reports
- Research Publications and Innovation Records
- Annual Reports and Action Taken Reports

11. AICTE, NAAC & UGC Compliance

The IPR Cell functions in alignment with:

- AICTE Innovation and Research Guidelines
- UGC Regulations on Academic Integrity and Prevention of Plagiarism
- NAAC Quality Indicators
- National Intellectual Property Rights Policy
- Research and Innovation Promotion Policies

The cell contributes to:

- Research and Innovation Culture
- Academic Excellence
- Ethical Research Practices
- Quality Enhancement
- Knowledge Creation and Protection

12. Expected Outcomes

The activities of the IPR Cell are expected to:

- Increase awareness about Intellectual Property Rights.

- Promote innovation and creativity among students and faculty.
- Encourage filing of patents and copyrights.
- Improve research quality and originality.
- Strengthen academic integrity and ethical practices.
- Develop a research-oriented institutional culture.

13. Conclusion

St. Ann's College for Women, Gorantla, Guntur is committed to fostering innovation, creativity, research excellence, and ethical academic practices. The Intellectual Property Rights (IPR) Cell plays a vital role in protecting intellectual contributions, promoting original research, and developing awareness about Intellectual Property Rights among all stakeholders.
