

Annual Reports

The Training & Placement Cell prepares and publishes Annual Reports highlighting the various activities, programmes, achievements, and student progression initiatives undertaken during each academic year. The reports reflect the institution's continuous efforts toward enhancing employability, professional competency, industry exposure, and career readiness among students.

The Annual Reports provide a comprehensive overview of the Training & Placement Cell's contribution to student development in alignment with UGC guidelines and NAAC quality parameters.

The Annual Reports Include:

- Placement activities conducted during the academic year
- Student placement records and progression details
- Internship programmes and industrial exposure activities
- Skill development and capacity-building initiatives
- Industry interaction programmes and expert sessions
- Career guidance and counselling activities
- Soft skills and personality development programmes
- Competitive examination coaching initiatives
- Entrepreneurship development activities
- Workshops, seminars, and training programmes organized
- Participation of students in placement and training activities
- Collaborations with industries and professional organizations

The reports serve as important institutional records showcasing the college's commitment to holistic student development, career advancement, women empowerment, and professional excellence.

The Annual Reports are maintained systematically for academic documentation, quality assurance, and NAAC accreditation purposes.
