

CSR Initiatives

St. Ann's College for Women promotes social responsibility and community development through various Corporate Social Responsibility (CSR) initiatives in collaboration with organizations, institutions, and community partners. These initiatives aim to create social awareness, empower women, and contribute to sustainable community development.

Focus Areas

- Women empowerment and self-development programmes
- Skill development and employability training
- Health, hygiene, and wellness awareness programmes
- Environmental protection and sustainability activities
- Digital literacy and financial awareness initiatives
- Community outreach and social service programmes
- Awareness programmes on social and ethical values

The institution encourages students to actively participate in CSR-related activities to develop leadership qualities, social commitment, and civic responsibility. These initiatives support holistic education and strengthen the institution's commitment towards community welfare and nation building.
